Office Hours: Mondays, 3:00pm – 4:00pm (or by appointment), Frazier Rogers Hall 275

Teaching Assistant/Peer Mentor/Supervised Teaching Student: N/A

Course Description

This course provides graduate and undergraduate students foundational skills for the design, implementation, and performance assessment of agricultural robotic systems. Students will learn how to design and implement modules for robotic navigation, perception, and manipulation using the Robot Operating System. They will also be introduced to best design practices and project management techniques for integrated hardware/software development teams. Students who successfully complete this course will be encouraged to participate in the Robotics Competition held at the Annual International Meeting of the American Society of Agricultural and Biological Engineering (2 credits).

Course Pre-Requisites / Co-Requisites

ABE 4171C or equivalent for undergraduate students or ABE 6005 or equivalent for graduate students. Both pre-requisite courses can be taken concurrently with this course.

Course Objectives

Students should leave the course with knowledge of how to conceive and manage an integrated hardware/software development project, as well as hands-on experience on the design, implementation, and evaluation of the main components of a fully functional specialized robotic system.

Course Schedule

Week 1:	Robot Operating System (ROS) Architecture
Week 2:	ROS Robot Specification
Week 3:	Navigation, Perception, and Manipulation Nodes
Week 4:	Project Specification, Scheduling, and Management
Week 5:	Project Documentation and Versioning
Week 6:	Module Design
Week 7:	Module Design Presentation
Week 8:	Software Testing and Assessment
Week 9:	Hardware Testing and Assessment
Week 10:	Prototype Implementation
Week 11:	Prototype Implementation

- Week 12: Prototype Proof of Concept Presentation
- Week 13: Prototype Refinement
- Week 14: Prototype Refinement
- Week 15: Prototype Testing and Performance Evaluation Presentation

Attendance Policy, Class Expectations, and Make-Up Policy

Attendance is vital to class participation and in-class discussion, and is therefore required. Any significant tardy or early departure from class will be figured as a half absence. Make up assignments must be scheduled with the instructor at least 24 hours in advance of the scheduled exam time. Consideration of make-up assignments after this deadline will be by discretion of the instructor only. Excused absences must be consistent with university policies in the Graduate Catalog (<https://catalog.ufl.edu/graduate/regulations>) and require appropriate documentation. Additional information can be found here: <https://gradcatalog.ufl.edu/graduate/regulations/>

Evaluation of Grades

Assignment	Percentage of Final Grade
Attendance and Participation	15%
Mini-projects and homework	20%
Module Design Presentation	20%
Prototype Proof of Concept Presentation	20%
Prototype Testing and Performance Assessment Presentation	25%
	100%

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.ua.ufl.edu/students/>. Students will be notified when the

evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Jennifer Nappo, Director of Human Resources, 352-392-0904, jpennacc@ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the

individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.
