RE: English Proficiency
Rui Lin, Short-Term Scholar

To Whom it may concern:

I am writing this letter to confirm that Ms. Rui Lin has adequate English proficiency to be a visiting scholar in Agricultural & Biological Engineering Department at the University of Florida. Based on the skype with Ms. Li, I believe Ms. Lin's English skills are sufficient to successfully participate in her program and to function on a day-to-day basis, with the team members in my group. Please feel free to contact me at 352-392-1864 or wslee@ufl.edu if you have any questions.

Sincerely yours,

Won Suk Lee, Professor.
Agricultural & Biological Engineering
