Communicating in Academia - Guide for Graduate Students
Syllabus Spring 2020
Heather Enloe and Rachata Muneepeerakul

1. **Catalog Description:** 3 credits. Spring, Distance Education with chat sessions. This course is designed to teach graduate students about academic writing, specifically focused on research proposals, theses, dissertations, manuscripts, grant proposals, and CVs. The course was developed to teach students about aspects of academic writing that are not normally part of graduate curriculum but are necessary to succeed.

2. **Pre-requisites and Co-requisites:** It is recommended that students take this course after completing at least one semester of **graduate study** as students may not have sufficient material to complete the writing project if just starting their program. This course is specifically designed for academic writing and not as well suited for individuals not conducting research.

3. **Course Objectives:**
Those successfully completing this course will be able to:
- Define plagiarism and identify plagiarism
- Identify graduate research proposal elements required by the student’s department and advisor
- Identify keywords associated with a research topic
- Create a writing schedule depicting how a thesis or dissertation can be completed to meet deadlines
- Create a manuscript outline and identify key components
- Create figures and tables using professional practices
- Identify appropriate journals for publishing research
- Create an academic CV
- Identify key elements of a good presentation
- Write a draft manuscript

4. **Instructors:**

Telephone: 352-294-6729
E-mail address: rmuneepe@ufl.edu
Web site: https://abe.ufl.edu/people/muneepeerakul-rachata/

Drs. Enloe and Muneepeerakul will return email within 48 hours of receiving them. Messages sent on the weekend will be returned on the following Monday (Tuesday at the latest).
5. **Training Location:** Canvas (http://elearning.ufl.edu/)<br>
A valid UF login is needed in order to register for this training. This course is offered through Canvas and therefore requires internet access. Internet speeds vary, wireless and DSL will likely result in slow video downloads. To check the speed of your connection, try speedtest.net. A speed rating of A or B should be sufficient. Internet connections with speeds graded as C or less are likely to be slow.

Be aware that participation is part of each student’s grade. Participation will consist of scheduled chat sessions (the times for these sessions will be established on the first week of class) and potential designated Canvas discussion.

Each online distance learning program has a process for, and will make every attempt to resolve, student complaints within its academic and administrative departments at the program level. See http://distance.ufl.edu/student-complaints for more details.

6. **Material and Supply Fees:** To be determined

7. **Textbooks and Software Recommended:**

8. **Additional Reading:** (The list and readings will be modified based on availability of e-version of these books. The request of purchasing has been submitted to the UF library)

9. **Attendance and Expectations:** Students are expected to complete the presentations and course assignments using Canvas. All late homework and assignments will receive a letter grade (or 10%) deduction for each 12 hrs late. Homework assignments will be submitted in Canvas. Graded assignments will also be returned using the Canvas system. **It is the student’s responsibility to check for assignments each week.** Weekly assignments are provided in the syllabus and also in Canvas and are typically released on the Sundays.

**Chat sessions will be scheduled weekly and all students are expected to participate.** Chat sessions will be held outside of the Canvas course framework using Zoom. Any absences must be approved
by the instructor via email correspondence or a grade of 0 will be given for participation on that
date. However, if the absence is due to technical difficult there will be an optional makeup
opportunity. **Thus, students will need access to a computer with a web camera (optional) and
audio to take this course.** Chat sessions will be scheduled after course registration to best
accommodate everyone’s schedule. At least one section of chat will occur each week. Additional
sessions per week may be added to accommodate a larger class or conflicting schedules based on
instructor discretion. Students are required to attend one chat per week. **Chat sessions may be
replaced with discussions in Canvas at the instructors’ discretion. Students will be notified in
advance of any such change.**

**The primary means of communication between the instructors and the students is through Canvas
mail, announcements, and email. It is the student’s responsibility to check this regularly.**

Any work that is submitted should be the product of the student. Any assignments that are not the
individual students work will be given a 0 grade and further disciplinary action per UF policy.

While this course is a distance education course, it should be treated and considered as a regularly
offered course and will require the same amount of time that any other 3 credit graduate course
would require. Chat sessions are expected to be 1 to 1.5 hours in length each week. Assignments
range in difficulty but will require several hours of work to complete each week. The writing project
should be given due attention as it represents 20% of the course grade.

10. **Grading:** Participation in chats 15%, homework assignments 65%, writing project 20%

Requirements for class attendance and make-up exams, assignments and other work are consistent with
university policies that can be found at: [https://catalog.ufl.edu/UGRD/academic-
regulations/attendance-policies/](https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/).

11. **Grading Scale:**

A = 95-100%, A- = 90-94%, B+ = 87-89, B = 83-86, B- = 80-82, C+ = 77-79%, C = 73-76,
C- = 70-72, D+ = 67-69, D = 63-66, D- = 60-62%, E < 60%

For information on current UF policies for assigning grade points, see
[https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/](https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/).

12. **Online Course Evaluation Process**

Student assessment of instruction is an important part of efforts to improve teaching and learning.
At the end of the semester, students are expected to provide feedback on the quality of instruction
in this course using a standard set of university and college criteria. These evaluations are conducted
online at [https://evaluations.ufl.edu](https://evaluations.ufl.edu). Evaluations are typically open for students to complete during
the last two or three weeks of the semester; students will be notified of the specific times when
they are open. Summary results of these assessments are available to students at
[https://evaluations.ufl.edu/results](https://evaluations.ufl.edu/results).
13. Honesty Policy – Academic Honesty

As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For more information regarding the Student Honor Code, please see: http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code.

14. Course Outline*

*Activities and assignment are subject to change. If a change occurs, the instructors will notify the class in advance of the change.

15. Services for Students with Disabilities

The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.

16. Accommodating students’ religious observances

Students and faculty must work together to allow students the opportunity to observe the holy days of his or her faith. A student needs to inform the faculty member of the religious observances of his or her faith that will conflict with class attendance, with tests or
examinations, or with other class activities prior to the class or occurrence of that test or activity. The faculty member is then obligated to accommodate that particular student’s religious observances. Because our students represent a myriad of cultures and many faiths, the University of Florida is not able to assure that scheduled academic activities do not conflict with the holy days of all religious groups. We, therefore, rely on individual students to make their need for an excused absence known in advance of the scheduled activities.

17. Campus Helping Resources

Students experiencing crises or personal problems that interfere with their general well-being are encouraged to utilize the university’s counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance.

18. Software Use – All faculty, staff and student of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.
